A

Abducens nerve
  according to type of Duane's retraction syndrome, 109
  diabetes and hypertension in sixth nerve palsy, 760
  hypoplastic oculomotor nerve and absent abducens nerve in congenital fibrosis syndrome and synergistic divergence with MRI, 728
Accommodation
  effect of periocular warming on, 1113
  efficacy of positional pseudoaccommodative IOLs, 2009
  Helmholtzian *(letter)*, 739
  stimulus-driven vs. pilocarpine-induced, in pseudophakic eyes, 453
Aceruloplasminemia, macular degeneration in, 1062
Acquired immunodeficiency syndrome (AIDS)
  pathology in eyes with ganciclovir implant, 780
  risk factors for mortality in era of highly active antiretroviral therapy, 771
Adduction deficiency, rectus muscle transposition and medial posterior fixation sutures for, 939
Adenoviral keratoconjunctivitis, rapid diagnosis of, 1521
Adherence to treatment, noncompliance with ocular hypotensive treatment for glaucoma or ocular hypertension, 953
α_1-Adrenergic antagonists and floppy iris syndrome *(editorial)*, 2059
Age-related macular degeneration (AMD)
  bilateral severe, vision-related quality of life in, 152
  biomarkers of cardiovascular disease as risk factors for, 2076
  cholesterol-lowering drugs and, 488
  early retreatment with standard regimen in verteporfin therapy of neovascular AMD, 2070
  heterogeneity of genetic risk in, 482
  late failure of autologous RPE grafting for, 2081
  maximum tolerated dose of a humanized anti-VEGF antibody fragment for neovascular AMD, 1048
  neovascular, bevacizumab for, 1035
  new treatments for *(editorial)*, 531
  Preferential Hyperacuity Perimeter for detecting choroidal neovascularization, 1758
  quality of life after macular translocation with peripheral retinectomy for, 144
  recurrent geographic atrophy after macular translocation for, 1586
  replacing the Amsler grid *(letter)*, 357
  retinal vessel diameters and risk of incident AMD: Rotterdam Study, 548
  risk factors for incidence of advanced AMD in Age-Related Eye Disease Study, 533
  strontium plaque brachytherapy for exudative AMD, 567
  Submacular Surgery Trials *(letter)*, 2055
Age-related maculopathy (ARM)
  5-year incidence of ARM in Reykjavik Eye Study, 132
  ocular conditions associated with peripapillary subretinal neovascularization, 1054
  risk indicator for poorer survival in women, 305
  visual morbidity: Copenhagen City Eye Study, 787
Aging. *See also* Geriatric population
  crystalline lens optical dysfunction through, 2022
Ahmed valves, silicone vs. polypropylene, in refractory glaucoma, 1514
AIDS. *See* Acquired immunodeficiency syndrome
Allergy, Toll-like receptors in healthy and allergic conjunctiva, 1528
Amblyopia
  atropine regimens for *(letter)*, 1480
  ophthalmic sequelae of Crouzon syndrome, 1129
  patching regimens for *(letter)*, 736
  PRK to improve visual acuity in adults with, 1684
AMD. *See* Age-related macular degeneration
American Academy of Ophthalmology
  cosmetic oculofacial applications of botulinum toxin *(Ophthalmic Technology Assessment)*, 1159
  report on audit of consolidated financial statements, 1851
Amniotic membrane transplantation
  as adjunct to medical therapy in ocular burns, 1963
  ex vivo expanded stem cell allograft for ocular surface reconstruction, 470
  with limbal allograft and mitomycin C for recurrent pterygium, 1263
  and mitomycin C for fornix reconstruction in severe cicatricial ocular surface diseases, 896
Amsler grid, replacing *(letter)*, 357
Amyloid angiopathy, ocular, associated with familial amyloidotic polyneuropathy, 2212
Anatomy
  anatomic and visual outcomes of scleral buckling vs. primary vitrectomy in retinal detachment, 1421
  anatomic success rate after 3-port lens-sparing vitrectomy in stage 4A or 4B ROP, 1569
  anatomical and functional outcomes after heavy silicone oil tamponade in vitreoretinal surgery for retinal detachment, 1574
  lacrimal canaliculus and sac bordered by Horner's muscle form the functional lacrimal drainage system, 710
  long-term results of vitrectomy without laser treatment for macular detachment with optic disc pit, 1430
  surgical anatomy of lacrimal fossa, 1119
Anesthesia
  hyaluronidase and diplopia after peribulbar anesthesia for cataract surgery, 879
  local anesthetic in vitreoretinal surgery *(letter)*, 2052
  monitored anesthesia care provided by registered respiratory care practitioners during cataract surgery, 272
  retrobulbar vs. sub–Tenon's capsule injection of local anesthetic in vitreoretinal surgery, 574
Angioid streaks, verteporfin PDT of choroidal neovascularization in, 1227
Aniridia, dry eyes and, 1535
Anisometropia, PRK for myopic anisometropia *(letter)*, 525
Anterior capsule, IOL factors that may affect contraction of, 286
Anterior chamber
  appositional angle closure in eyes with shallow anterior chambers, 407

biometric changes in pseudophakic eyes *(letter)*, 2241
iris and anterior chamber angle neovascularization after I-125 brachytherapy for uveal melanoma, 505
stimulus-driven vs. pilocarpine-induced biometric changes in pseudophakic eyes, 453
visualization of anterior chamber angle dynamics with OCT, 980
width measurement by high-speed OCT, 238
width measurement *(letter)*, 1638
Antihypertensive therapy. *See also* Intraocular pressure control
β_1-adrenergic receptor polymorphisms and efficacy of betaxolol, 2131
bimatoprost *(letter)*, 1478
bimatoprost vs. timolol and dorzolamide *(letter)*, 357
degree of angle closure and IOP-lowering effect of latanoprost in chronic angle-closure glaucoma, 267
effect of adjunctive glaucoma therapy on adherence to initial primary therapy, 863
IOP-lowering effects of all commonly used glaucoma drugs, 1177
latanoprost vs. bimatoprost in primary open-angle glaucoma, 262
Low-Pressure Glaucoma Treatment Study, 376
mass switch from latanoprost to bimatoprost in glaucoma patients in prepaid HMO, 2123
noncompliance with ocular hypotensive treatment for glaucoma or ocular hypertension, 953
results of European Glaucoma Prevention Study, 366
symmetry of fellow-eye IOP responses to topical glaucoma medications, 599
24-hour IOPs with brimonidine purite vs. dorzolamide added to latanoprost in primary open-angle glaucoma, 603
uniocular drug trial *(letter)*, 1170
variations in treatment of adult-onset open-angle glaucoma, 1494
Antimicrobial therapy
aqueous penetration of gatifloxacin, moxifloxacin, and ciprofloxacin, 466
penetration and biological activity of moxifloxacin and gatifloxacin in cataract surgery patients, 1992
trimethoprim/sulfamethoxazole vs. pyrimethamine and sulfadiazine for ocular toxoplasmosis, 1876
understanding antibiotic susceptibility and minimum inhibitory concentration data, 1987
Antiretroviral therapy, highly active, risk factors for mortality in AIDS in era of, 771
Apraclonidine and LASIK *(letter)*, 2243
Aqueous humor, penetration of gatifloxacin, moxifloxacin, and ciprofloxacin, 466
ARM. *See* Age-related maculopathy
Artisan lens implantation, for high myopia, contrast sensitivity after, 278
Asian population
acute primary angle closure *(letter)*, 1479
appositional angle closure in eyes with shallow anterior chambers, 407
cataract progression after prophylactic laser peripheral iridotomy, 1355
corneal thickness in ophthalmologically normal Japanese population, 1327
efficacy of pirenzepine ophthalmic gel in myopic children, 84
endophthalmitis in *(letter)*, 944
lacrimal canaliculus and sac bordered by Horner's muscle form the functional lacrimal drainage system, 710
novel *NRE2E3* mutations in mild form of enhanced S-cone syndrome, 2115
pediatric rhegmatogenous retinal detachment in East Asians, 1891
postcataract endophthalmitis in South India, 1885
refractive error in urban and rural adult Chinese in Beijing, 1676
Tajimi Study Report 2: prevalence of primary angle closure and secondary glaucoma in Japanese population, 1661
Assessment instruments
Global Rating Assessment of Skills in Intraocular Surgery, 1655
Objective Assessment of Skills in Intraocular Surgery (OASIS), 1236
Ophthalmic Clinical Evaluation Exercise reliability, 1649
Asteroid hyalosis, calcification of silicone IOL in patient with, 447
Astigmatism
after deep lamellar endothelial keratoplasty, 1541
compressive C-shaped lamellar keratoplasty for, 425
Atherosclerosis Risk in Communities Study
cardiovascular risk factors for retinal vein occlusion and arteriolar emboli, 540
cholesterol-lowering drugs and AMD, 488
Atropine, regimens for amblyopia *(letter)*, 1480
Australia
postoperative endophthalmitis in Western Australia from 1980–2000, 1199
visual acuity and causes of visual loss in 6-year-old children in, 1275
Avastin. *See* Bevacizumab

B

Band atrophy and OCT correlation *(letter)*, 2055
Bandage soft contact lens application after, 2180
Barbados Eye Studies, hyperglycemia, blood pressure, and diabetic retinopathy, 799
Bariatric surgery, ocular complications of hypovitaminosis A after, 1031
Basal cell carcinoma, periocular, orbital invasion by, 717
Best macular dystrophy, late onset in disease associated with VMD2 gene mutations, 586
Betaxolol
β_1-Adrenergic receptor polymorphisms and efficacy of, 2131
IOP-lowering effects of all commonly used glaucoma drugs, 1177
Bevacizumab, for neovascular AMD, 1035
Bimatoprost
IOP-lowering effects of all commonly used glaucoma drugs, 1177
vs. latanoprost in primary open-angle glaucoma, 262
letter, 1478
mass switch from latanoprost to bimatoprost in glaucoma patients in prepaid HMO, 2123
vs. timolol and dorzolamide *(letter)*, 357
Biomarkers of cardiovascular disease as risk factors for AMD, 2076
Biomicroscopy, ultrasound
appositional angle closure in eyes with shallow anterior chambers, 407
cryotherapy of anterior retina and sclerotomy sites in diabetic vitrectomy, 2095
uveal effusion in primary angle-closure glaucoma, 413
Birdshot retinochoroidopathy
letter, 527
long-term follow-up after treatment with immunomodulatory therapy, 1066
Blebs
after filtering surgery, in vivo confocal microscopy study, 1979
endophthalmitis associated with *(letter)*, 1168
Blepharospasm, photochromatic modulation in, 2208
Blindness. *See* Visual impairment/loss
β-Blockers
bimatoprost vs. timolol and dorzolamide *(letter)*, 357
IOP-lowering effects of all commonly used glaucoma drugs, 1177
Low-Pressure Glaucoma Treatment Study, 376
Blood flow
effects of moderate IOP changes on ocular hemodynamics in primary OAG, 1337
pulsatile blood flow in polypoidal choroidal vasculopathy, 1436
Blood pressure
diabetes and hypertension in isolated sixth nerve palsy, 760
hyperglycemia, blood pressure, and diabetic retinopathy, 799
vascular response of bulbar conjunctiva to diabetes and elevated blood pressure, 1801

Blue Mountains Eye Study, retinal vessel diameter and open-angle glaucoma, 245
Botulinum toxin
cosmetic oculofacial applications of *(Ophthalmic Technology Assessment)*, 1159
for epiphora in patient with canalicular obstruction, 1469
paradoxical use of frontalis muscle and motor relearning with, 918
Brachytherapy
iris and anterior chamber angle neovascularization after I-125 brachytherapy for uveal melanoma, 505
outcomes of ruthenium brachytherapy for uveal melanoma, 834
strontium plaque brachytherapy for exudative AMD, 567
Branch retinal vein occlusion (BRVO)
sheathotomy for *(letter)*, 528, 1321
thrombophilic gene polymorphisms in, 1910
Brimonidine
IOP-lowering effects of all commonly used glaucoma drugs, 1177
Low-Pressure Glaucoma Treatment Study, 376
side effects in children, 2143

self-sealing corneal tunnel incision in clear cornea cataract surgery, 985
three-year safety evaluation of cyclosporine ophthalmic emulsion for dry eye disease, 1790
Salisbury Eye Evaluation Project, association between myopia and subtypes of lens opacity, 1395
Scanning laser polarimetry (SLP)
in detection of glaucoma with localized visual field defects, 1970
operator learning effect and interoperator reproducibility of, 257
RNFL measurements after LASIK measured by, 92
RNFL thickness measurements after LASIK, 200
Schnyder's crystalline dystrophy, central corneal mosaic opacities in, 650
Scleral buckling
anatomic and visual outcomes of scleral buckling vs. primary vitrectomy in retinal detachment, 1421
severe strabismus after, 327
Scleritis, nonnecrotizing anterior, subconjunctival triamcinolone for, 1814
Sebaceous carcinoma of eyelids *(letter)*, 1641, 2242
Sheathotomy for branch retinal vein occlusion *(letter)*, 528, 1321
Sickle cell retinopathy, proliferative, incidence and natural history, 1869
Silicone oil tamponade, in vitreoretinal surgery for retinal detachment, anatomical and functional outcomes, 1574
Sjögren's syndrome, lymphocytic infiltration and enlargement of lacrimal glands, 2040
Sleep disturbances *(letter)*, 1847
SLP. *See* Scanning laser polarimetry
Sodium chondroitin sulfate 4%–sodium hyaluronate 3% (Viscoat), IOP after cataract surgery with, 1714
Specular Microscopy Ancillary Study, image quality and accuracy of eye bank measurement of donor cornea endothelial cell density, 431
Sports participation, protective eyewear for young athletes *(letter)*, 170
Stevens–Johnson syndrome, corneal complications and eyelid cicatricial pathology in TENS and, 904
Strabismus
after scleral buckling, MRI study, 327
conjunctival pyogenic granulomas after strabismus surgery, 1283
detection of slipped EOM after strabismus surgery, 686
ophthalmic sequelae of Crouzon syndrome, 1129
in pediatric pseudophakia, 1625
Strontium plaque brachytherapy for exudative AMD, 567
Submacular Surgery Trials *(letter)*, 2055
Sutures vs. fibrin glue for attaching conjunctival autografts after pterygium excision, 667
Synergistic divergence, hypoplastic oculomotor nerve and absent abducens nerve in congenital fibrosis syndrome and synergistic divergence with MRI, 728
Systematic Nomenclature of Medicine
importance of terminology *(editorial)*, 173 (erratum, 770)
representation of ophthalmology concepts by electronic systems, 175

T

Tajimi Study Report 2, prevalence of primary angle closure and secondary glaucoma in Japanese population, 1661
Tanzania, pattern of recurrence of trachomatous trichiasis after surgery, 705
Tears. *See also* Lacrimal system
inflammatory molecules in tears of patients with keratoconus, 654
tear film tests in Parkinson's disease, 1795
tear function in babies *(letter)*, 526
tear meniscus level as indicator of nasolacrimal obstruction, 344
Telangiectasis, Coats' disease diagnosed in adulthood, 1072
Temporal arteritis
computer-based decision-analytic approach to management of, 745
histopathology, clinical symptoms, and erythrocyte sedimentation rate in, 1293
poor visual recovery after, 1098

TENS. *See* Toxic epidermal necrolysis syndrome

  optic disc topography differences in black and white subjects, 33
  stability 1–2 years after deep lamellar endothelial keratoplasty, 50
Toxic epidermal necrolysis syndrome (TENS), corneal complications and eyelid cicatricial pathology in Stevens–Johnson syndrome and, 904
Toxoplasmosis, trimethoprim/sulfamethoxazole vs. pyrimethamine and sulfadiazine for, 1876
Trabectome, clinical results in open-angle glaucoma, 962
Trabeculectomy, in vivo confocal microscopy study of blebs after filtering surgery, 1979
Trabeculoplasty, variations in treatment of adult-onset open-angle glaucoma, 1494
Trachomatous trichiasis, pattern of recurrence after surgery, 705
Transconjunctival approach, for repair of zygomatic fractures, 1302
Transplantation
  amniotic membrane transplantation as adjunct to medical therapy in ocular burns, 1963
  ex vivo expanded stem cell allograft for ocular surface reconstruction, 470
  limbal allograft, amniotic membrane transplantation, and mitomycin C for recurrent pterygium, 1263
  mitomycin C and amniotic membrane transplantation for fornix reconstruction in severe cicatricial ocular surface diseases, 896
  outcome of graft central thickness after PRK, 626
Transscleral laser cyclotherapy *(letter)*, 1169
Transthyretin, ocular amyloid angiopathy associated with familial amyloidotic polyneuropathy, 2212
Trauma
  amniotic membrane transplantation as adjunct to medical therapy in ocular burns, 1963
  hemorrhages after minor trauma *(letter)*, 737
  intraocular foreign body injuries during Operation Iraqi Freedom, 1829
  orbital cellulitis after orbital blowout fracture, 2030
  posttraumatic endophthalmitis *(letter)*, 1845
  protective eyewear for young athletes *(letter)*, 170
  repair of zygomatic fractures through transconjunctival approach, 1302
  severe ocular injuries from pointed door handles in children, 1834
Travoprost, IOP-lowering effects of all commonly used glaucoma drugs, 1177
Treatment adherence, noncompliance with ocular hypotensive treatment for glaucoma or ocular hypertension, 953
Triamcinolone
  combined with laser photocoagulation for diabetic macular edema, 1086
  effect of posterior juxtascleral triamcinolone acetonide on choroidal neovascular growth after verteporfin PDT, 1897
  intralesional triamcinolone acetonide for chalazia, 913
  intravitreal, uveitis, 1916
  intravitreal triamcinolone acetonide combined with PDT with verteporfin for choroidal neovascularization, 301
  IOP after triamcinolone acetonide *(letter)*, 2244
  IOP elevation after intravitreal injection of triamcinolone acetonide, 593
  IOP elevation and posterior subcapsular cataract induced by, 139
  ptosis and orbital fat prolapse after posterior sub–Tenon's capsule triamcinolone injection, 1092
  sub-Tenon's *(letter)*, 1481
  subconjunctival, for nonnecrotizing anterior scleritis, 1814
Trimethoprim/sulfamethoxazole vs. pyrimethamine and sulfadiazine for ocular toxoplasmosis, 1876
Tumors
  choroidal metastases
    OCT of, 1612
    proton beam irradiation of, 337
  hormone treatment of orbital leiomyoma, 1316
  lamellar keratoscleroplasty for limbal dermoids, 1955
  mantle cell lymphoma in ocular adnexal region, 114
  orbital imaging in patients with, 2196
  orbital invasion by periocular basal cell carcinoma, 717
  primary ductal adenocarcinoma of lacrimal gland, 2048
  recurrent intraepithelial neoplasia treatment *(letter)*, 1319
  retinoblastoma
    cavitary changes in, 1145
    murine, subconjunctival carboplatin in fibrin sealant for, 1151
    pars plana lensectomy and IOL implantation in pediatric radiation-induced cataracts in, 1620
  risk of malignant transformation of choroidal nevus, 1785
  sebaceous carcinoma of eyelids *(letter)*, 1641, 2242
  uveal melanoma
    forecasting prognosis of choroidal melanoma with an artificial neural network, 1608
    I^{125} plaque radiotherapy after observation of suspected small choroidal melanoma, 1777
    intermittent and chronic UV light exposure and, 1599
    iris and anterior chamber angle neovascularization after I-125 brachytherapy for, 505
    nondiagnosed *(letter)*, 735
    outcomes of ruthenium brachytherapy for, 834
    in phakomatosis pigmentovascularis IIa, 1232
    TNM classification of malignant ciliary body and choroidal melanoma, 1135
25-gauge transconjunctival surgery for posterior segment disease, 817
Twin and triple peaks papilledema, 1299

U

Ulcers, orthokeratology lens–related, in children *(letter)*, 167
Ultrasound biomicroscopy
  appositional angle closure in eyes with shallow anterior chambers, 407
  cryotherapy of anterior retina and sclerotomy sites in diabetic vitrectomy, 2095
  uveal effusion in primary angle-closure glaucoma, 413

Ultraviolet (UV) radiation
intermittent and chronic UV light exposure and uveal melanoma, 1599
protective eyewear and UV tanning *(letter)*, 1639
Uveal effusion, in primary angle-closure glaucoma, 413
Uveal melanoma
forecasting prognosis of choroidal melanoma with an artificial neural network, 1608
I^{125} plaque radiotherapy after observation of suspected small choroidal melanoma, 1777
intermittent and chronic UV light exposure and, 1599
iris and anterior chamber angle neovascularization after I-125 brachytherapy for, 505
nondiagnosed *(letter)*, 735
outcomes of ruthenium brachytherapy for, 834
in phakomatosis pigmentovascularis IIa, 1232
Uveitis
intravitreal triamcinolone in, 1916
and ischemic retinopathy in patient with tetralogy of Fallot, 1936
noninfectious, subcutaneous daclizumab for, 764
patterns of macular edema in *(letter)*, 360
pediatric uveitis cases at a tertiary referral center, 1287
posterior, fluocinolone acetonide implant in, 1192

V

Vascular endothelial growth factor (VEGF)
differential expression of VEGF implies limbal origin of pterygia, 1023
maximum tolerated dose of a humanized anti-VEGF antibody fragment for neovascular AMD, 1048
vitreous levels of VEGF and ICAM-1 and diabetic macular edema, 806
vitreous VEGF secretion *(letter)*, 1483
Vasculature
assessment of parafoveal capillary leukocyte velocity, 2219
cardiovascular risk factors for retinal vein occlusion and arteriolar emboli, 540
Coats' disease diagnosed in adulthood, 1072
computer-based decision-analytic approach to management of temporal arteritis, 745
estrogen replacement therapy and retinal vascular caliber, 553
histopathology, clinical symptoms, and erythrocyte sedimentation rate in temporal arteritis, 1293
poor visual recovery after giant cell arteritis, 1098
pulsatile blood flow in polypoidal choroidal vasculopathy, 1436
retinal venous pulsation and glaucoma *(letter)*, 948
retinal vessel diameter and open-angle glaucoma, 245
retinal vessel diameters and risk of incident AMD: Rotterdam Study, 548
sheathotomy for branch retinal vein occlusion *(letter)*, 528, 1321
thrombophilic gene polymorphisms in BRVO, 1910
time course and morphology of vascular effects associated with PDT, 2061
vascular response of bulbar conjunctiva to diabetes and elevated blood pressure, 1801
VEGF. *See* Vascular endothelial growth factor
Vernal keratoconjunctivitis, toll-like receptors in, 1528
Verteporfin photodynamic therapy
of choroidal neovascularization in angioid streaks, 1227
combined with intravitreal triamcinolone acetonide for choroidal neovascularization, 301
early retreatment with standard regimen in verteporfin therapy of neovascular AMD, 2070
effect of posterior juxtascleral triamcinolone acetonide on choroidal neovascular growth after, 1897
Videokeratography, visual acuity using Fourier analysis of videokeratography data after PK, 420
Vigabatrin, toxicity in children *(letter)*, 1322
Visual acuity
after 25-gauge transconjunctival surgery for posterior segment disease, 817
after compressive C-shaped lamellar keratoplasty, 425
after deep lamellar endothelial keratoplasty, 1541
after pars plana vitrectomy for inferior breaks in pseudophakic retinal detachment, 1222
anatomic and visual outcomes of scleral buckling vs. primary vitrectomy in retinal detachment, 1421
bilateral cataract and corectopia after laser eyelid epilation, 1634
cataract surgery in Fuchs' corneal dystrophy, 441
and causes of visual loss in 6-year-old Australian children, 1275
clinical results with Trabectome in open-angle glaucoma, 962
conductive keratoplasty for complications of LASIK and PRK, 1941
contrast sensitivity after Artisan lens implantation for high myopia, 278
correlation of height of macular detachment and visual outcome, 1213
effect of posterior juxtascleral triamcinolone acetonide on choroidal neovascular growth after verteporfin PDT, 1897
5-year follow-up of LASIK for hyperopia, 191
follow-up after implantation of foldable iris-fixated IOL in phakic eyes, 2189
Fourier analysis of videokeratography data after PK, 420
functional visual loss in adults and children, 1821
improved safety in contemporary LASIK, 1375
intravitreal triamcinolone in uveitis, 1916
intravitreal vs. posterior sub–Tenon's capsule triamcinolone acetonide injection for diffuse diabetic macular edema, 1557
LASIK in patients with rheumatic diseases, 1948
long-term results of vitrectomy without laser treatment for macular detachment with optic disc pit, 1430
microkeratome-assisted lamellar keratoplasty for keratoconus, 987
OCT, visual acuity, and macular lesions in X-linked retinoschisis, 495
ocular amyloid angiopathy associated with familial amyloidotic polyneuropathy, 2212
ocular complications of Rift Valley Fever outbreak, 313
Otago Glaucoma Surgery Outcome study, 2137
outcomes of epiretinal membrane removal secondary to rhegmatogenous retinal detachment, 1218
PDT with verteporfin combined with intravitreal triamcinolone acetonide for choroidal neovascularization, 301
pediatric rhegmatogenous retinal detachment in East Asians, 1891
phacoemulsification vs. manual small-incision cataract surgery, 869
phase II trial of pegaptanib for diabetic macular edema, 1747
PK for macular corneal dystrophy, 220
postcataract endophthalmitis in South India, 1885
postoperative endophthalmitis in Western Australia from 1980–2000, 1199
pre–excimer laser and post–excimer laser refractive surgery measurements of scotopic pupil diameter with 2 pupillometers, 1003
presbyopia correction with anterior chamber phakic multifocal IOL, 1368
PRK to improve visual acuity in adults with amblyopia, 1684
refractive error and visual impairment in school-age children in Gombak District, Malaysia, 678
rhegmatogenous retinal detachment in phakic eyes after posterior chamber phakic IOL implantation for severe myopia, 580
stability 1–2 years after deep lamellar endothelial keratoplasty, 50
stimulus-driven vs. pilocarpine-induced biometric changes in pseudophakic eyes, 453
visual acuity, near vision, and self-reported visual function in Finnish adults, 2227

Visual field defects
Low-Pressure Glaucoma Treatment Study, 376
pattern ERG abnormality and glaucoma, 10
results of European Glaucoma Prevention Study, 366
sensitivity and specificity of StratusOCT for perimetric glaucoma, 3
SLP in detection of glaucoma with localized visual field defects, 1970
Visual field testing
frequency-doubling perimetry in young children *(letter)*, 169
fundus perimetry with Micro Perimeter 1 in normal persons, 848
in Medicare beneficiaries before glaucoma surgery, 401
semiautomated kinetic perimetry vs. conventional Goldmann manual kinetic perimetry in advanced visual field loss, 1343
Visual impairment/loss
in Crouzon syndrome, 1129
functional visual loss in adults and children, 1821
poor visual recovery after giant cell arteritis, 1098
visual acuity and causes of visual loss in 6-year-old Australian children, 1275
Vitamin A, ocular complications of hypovitaminosis A after bariatric surgery, 1031
Vitrectomy
anatomic and visual outcomes of scleral buckling vs. primary vitrectomy in retinal detachment, 1421
anatomic success rate after 3-port lens-sparing vitrectomy in stage 4A or 4B ROP, 1569
long-term results of vitrectomy without laser treatment for macular detachment with optic disc pit, 1430
pars plana vitrectomy for inferior breaks in pseudophakic retinal detachment, 1222
Vitreoretinal surgery
local anesthetic in *(letter)*, 2052
in Nepal, 319
for retinal detachment, anatomical and functional outcomes after heavy silicone oil tamponade in, 1574
retrobulbar vs. sub–Tenon's capsule injection of local anesthetic in, 574
Vitreous
nonvitrectomizing vitreous surgery *(letter)*, 1636
tapping during triple procedures, 875
VEGF secretion *(letter)*, 1483
visualization *(letter)*, 946
Volcanic ash and ocular symptoms, 478
VSX1 mutation and corneal dystrophies *(letter)*, 170

W

Wavefront analysis
establishing analysis parameters for spherical aberration after wavefront LASIK, 998
in post-LASIK eyes *(letter)*, 1171
Wounds
fibrin glue vs. sutures for attaching conjunctival autografts after pterygium excision, 667
mitomycin C modulation of corneal wound healing after PRK for myopia, 208
2-octyl cyanoacrylate as temporary wound barrier in cataract surgery, 2015

X

X-linked cone dysfunction syndrome, with myopia and protanopia, 1448
X-linked retinoschisis, OCT, visual acuity, and macular lesions in, 495

Z

Zoonotic intravitreal *Onchocerca* in Hungary, 502
Zygomatic fractures, repair through transconjunctival approach, 1302
